

# Hazelden Lifelines

## Training Sites for contracted schools

- Choctaw Nicoma Park 9/18-21
- McAlester Tentative 10/ 23-26
- Berryhill 10/30-11/2
- Collinsville 11/4-10

### Day 1 Postvention and Crisis Team discussions

We will provide an overview of Postvention but spend the majority of the training reviewing Crisis Team Roles and Responsibilities to help you formalize your team and ensure your team is ready for any crisis.

### Day 2 Intervention

We will review intervention and focus on some of the higher risk populations. We will also discuss any new findings for intervention. Please bring any samples of what you currently use for documentation and referrals. We also encourage you to submit questions you would like addressed on the challenges you face in your school implementing the intervention process.

### Day 3 Prevention 101

We recently found the benefits of training additional classroom teachers and other staff not only to assist with the delivery of the prevention programs but also to be more aware of the school's suicide prevention efforts and provide advocacy for all your efforts. Providing a more generic understanding of youth suicide and addressing the components of resilience helps put additional members of the school community 'on the same page' and contributes to the effectiveness of your competent prevention community.

### Day 4 Prevention Training

The focus of this day is the Faculty and Parent presentations and the student curriculum.
