

# Autism Spectrum Resources

## Oklahoma Autism Network

See [www.okautismnetwork.org](http://www.okautismnetwork.org) for evidenced-based information regarding Autism Spectrum Disorders, support groups, resources and training available in our state.

## Interactive Autism Network

The Kennedy Krieger Institute recently launched the first national online autism registry. The Interactive Autism Network (IAN) is designed to promote autism research by linking researchers and families. Visit the website to stay informed about autism research, provide feedback, share information and become part of an important national research effort. For more information go to <http://www.ianproject.org/>

## Focus on all Child Therapies

We are a not for profit agency where all members of the board are parents of children with Autism and Aspergers. They are all part of the **F.A.C.T.** family. The **F.A.C.T.** family also wrote a book called "Our Journey Through High Functioning Autism and Asperger Syndrome: A Roadmap", edited by Linda Andron. Several of the families and the kids themselves shared their experience and knowledge.
